

MELANOMA SCREENING SUMMIT

25 MARCH 2019 | TRANSLATIONAL RESEARCH INSTITUTE BRISBANE

PROGRAM

| Monday 25 March, 2019 Melanoma Screening Summit | | |
|--|--|--|
| 10.00am-10.30am | Registration | |
| 10.30am-10.40am | Welcome | Professor Monika Janda The University of Queensland |
| Session 1: Epidemiology | | |
| 10.40am-10.55am | Principles of screening and how it applies to melanoma | Professor David Whiteman QIMR Berghofer Medical Research Institute |
| 10.55am-11.10am | Over-diagnosis of melanoma | Dr Katy Bell University of Sydney |
| 11.10am-11.25am | Feasibility of population vs targeted screening | Professor Peter Baade Cancer Council Queensland |
| 11.25am-11.40am | Health economics of melanoma detection, diagnosis & treatment | Associate Professor Louisa Gordon QIMR Berghofer Medical Research Institute |
| Session II: National & International perspectives: Screening programs and trials | | |
| 11.40am-11.55am | Melanoma Screening trials in Australia | Professor Joanne Aitken Cancer Council Queensland |
| 11.55am-12.10pm | 10 years of Skin Cancer Screening in Germany: difficulties and open questions | Professor Alexander Katalinic University of Luebeck, Germany |
| 12.10pm-12.30pm | Clinical Perspective: Acceptable absolutes and what to do with all the keratinocyte cancers | Professor Scott Menzies University of Sydney |
| 12:30pm-1:30pm | Lunch | |
| Session III: Current & Future Landscape: Methodology of screening and early detection | | |
| 1.30pm- 1.45pm | The role of whole body imaging & the opportunity for screening | Professor H. Peter Soyer The University of Queensland |
| 1.45pm-2.00pm | Impacts of AI and new technology for detection | Professor Susan Swetter Stanford University, USA |
| 2.00pm-2.20pm | Is pathology the gold standard for melanoma diagnosis | Professor Richard Scolyer Melanoma Institute Australia |
| 2.20pm-2.35pm | A population-based screening program versus opportunistic screening and early detection | Professor Sancy Leachman, Oregon Health & Science University, USA |
| 2.35pm-2.55pm | National requirements for the government to consider a screening program | Dr Jeanette Young Queensland Government |
| 2.55pm- 3.20pm | Afternoon tea break | |
| Session IV: Panel discussion - Challenges and Opportunities | | |
| 3.20pm-4.30pm | What is the road map for Melanoma Screening in Australia? | Facilitated by Professor Karen Canfell Cancer Council Australia |
| 4.30pm-4.45pm | Wrap up discussion | Associate Professor Rachel Neale Associate Professor Anne Cust |
| 4.45pm | Summit Closes | |
| 5.00pm-7.00pm | Networking Event – Translational Research Institute | |
